

HYTEC DARK BLUE HI RISK LATEX GLOVES, POWDER FREE - XLARGE

Hytec Hi-Risk Latex Gloves offer superior strength and durability for demanding tasks. Designed for enhanced protection against chemicals, punctures, and tears, they provide a secure, comfortable fit with excellent tactile sensitivity. Made from 100% synthetic nitrile latex, they are non-sterile, ambidextrous, and feature a palm-textured surface with a beaded cuff for added strength. Ideal for high-risk environments where reliable barrier protection is essential.
