

KEMSOL BOTTLE AND TRIGGER 1000ML

The Kemsol Bottle and Trigger 1000ml offer a convenient and practical solution for dispensing cleaning solutions and chemicals in commercial and industrial settings. Designed for durability and ease of use, the 1000ml bottle is spacious enough to hold a significant amount of liquid, reducing the need for frequent refills during cleaning tasks. Paired with a reliable trigger spray mechanism, it allows for precise and controlled application of the desired solution onto surfaces, ensuring efficient cleaning results.
