

KEMSOL HYPO BLEACH 20L DG8 PH13

Kemsol Hypo Bleach in a convenient 20L container is a Commercial grade concentrated Sodium Hypochlorite solution containing 150g/Lt FAC when packed. Multiple exterior and municipal facility application for destaining and maximum microbial control. With a pH level of 13, Hypo Bleach offers high alkalinity, making it ideal for tackling tough stains and sanitising surfaces in industrial and commercial settings. Formulated with potent bleaching agents, Kemsol Hypo Bleach effectively removes stains, brightens whites, and eliminates harmful bacteria and germs. It's suitable for use on a variety of surfaces, including fabrics, tiles, and countertops.
