

KEMSOL SANIBRITE CUTLERY SOAK 4.5KG

Kemsol Sanibrite Cutlery Soak 4.5kg is a biodegradable hypochlorite-based antibacterial powder designed for soaking or spray and wipe applications. Its stable, soluble formula contains detergent for enhanced soiling penetration. Ideal for Food Service tasks like diluted cleaning, descaling, and sanitising, it's safe for various uses including glass and cutlery soaking, hard surface sanitising, and periodic treatment for ice machines and soft serve equipment. Note: Not recommended for sanitising aluminium surfaces due to potential dulling.
