

# SUPREM LIGHT, MAXI

The Suprem Light Maxi offers superior protection for individuals managing moderate to heavy urinary incontinence. Designed with an absorbent core that quickly locks away moisture, this product keeps the skin dry and comfortable for extended periods. Its ultra-thin construction provides discreet wear, allowing users to feel confident and secure throughout the day. The breathable outer layer promotes airflow, reducing the risk of skin irritation and maintaining skin health. With its anatomical shape and adhesive strip, the Suprem Light Maxi ensures a secure fit and freedom of movement for active lifestyles.
