

BV2 FLYING INSECT KILLER 500ML

BV2 Flying Insect Killer, a powerful solution designed to effectively combat flying insects in indoor and outdoor environments. Formulated to target flies, mosquitoes, gnats, and other flying pests, this insect killer provides rapid knockdown and long-lasting protection. Its convenient 500ml size offers ample coverage to address infestations in various areas, from homes and offices to restaurants and outdoor spaces. With its easy-to-use spray nozzle, BV2 Flying Insect Killer allows for precise application, ensuring thorough coverage of affected areas while minimising waste.
