

# Hytec Couch Roll

## Pacific Hygiene's Hytec Couch Roll

Maintain a high level of hygiene with this Disposable Couch Roll, designed to protect patient couches, treatment beds, and examination tables in medical, healthcare, and beauty environments. Providing an effective barrier against cross-contamination, the roll helps keep surfaces clean between each patient or client. With a generous 50m length and convenient perforations, it is easy to dispense and tear, making it ideal for busy clinics and treatment rooms.
