

OVERSHOE WHITE PE WATERPROOF ECONOMY 406MM

The Overshoe from HYTEC is made from spun-bonded polypropylene or polyethylene. It is a lightweight, comfortable and durable form of personal protection. Elastic pulls shoe cover in around the top of the shoe for better fit, furthermore with anti-skid tread for added convenience. The overshoe comes in both white and blue colours as well as a waterproof option. Generously sized for larger footwear and mainly used in light manufacturing, laboratory, food service and food production areas.
