

RUBBERMAID SLIM JIM STAINLESS STEEL DOLLY - SINGLE

The Slim Jim® Stainless Steel Dolly is engineered to effortlessly support and transport Vented Slim Jim® containers throughout your commercial facility. Crafted from high-quality stainless steel, this dolly ensures easy cleaning and resists rust or chipping in moist environments. Equipped with 7.6cm non-marking quiet casters, it provides smooth and silent maneuverability. The locking feature on casters ensures stability, creating an efficient recycling station or collection site.
