

RUBBERMAID SLIM JIM RESIN DOLLY- SINGLE

The Slim Jim® Resin Dolly is expertly designed for seamless support and transportation of Vented Slim Jim® containers. Its side clip-on connection facilitates the training of multiple dollies for efficient collection and transportation. With a foot pedal release for swift disconnection, this dolly is built for convenience. Crafted from structural foam, it ensures maximum durability in demanding commercial environments. Compatible with both 60L and 87L Slim Jim® containers, this dolly offers versatility and reliability.
