

RUBBERMAID COLD SCRAPER 24CM

The Rubbermaid Cold Scraper (24 cm) is designed for efficient performance in food preparation tasks, featuring a robust polypropylene handle with a seamless blade moulded directly onto it for easy cleaning and durability. Ideal for cold food applications like scraping and spreading, it includes the Clean-Rest™ feature to keep the blade off countertops, reducing contamination risks. NSF-certified and commercial dishwasher-safe, this scraper combines hygiene and efficiency, making it a valuable tool for any commercial kitchen.
