

RUBBERMAID 27.9 CM QUICK-CONNECT WALL/STAIR FRAME

The HYGEN™ Quick-Connect Frames combine a flat profile for effortless movement under furniture with a trapezoidal shape for effective corner and hard-to-reach area cleaning. Crafted from lightweight aluminum, these frames enhance productivity and are safe for MRI rooms. The inclusion of a nylon swivel joint ensures flexible maneuvering, while rounded plastic end caps provide protection for walls and furniture. The frames feature a one-step connecting mechanism, streamlining mop assembly and changeover, and their flat profile ensures a sanitary and easy-to-clean design.
