

SEKO - DISPENSERONE - 25L, 17" SCREEN

Seko DispenserONE, a cutting-edge dispenser featuring a 25-liter capacity and a large 43.2cm screen. Designed for versatility and efficiency, the DispenserONE is capable of dispensing various liquids, including hand sanitisers, soaps, and disinfectants, making it suitable for a wide range of applications. Its generous capacity reduces the need for frequent refills, ensuring continuous operation in high-traffic areas. Equipped with a 43.2cm screen, the DispenserONE offers an intuitive interface for users, allowing for easy navigation and interaction. This feature enhances user experience and provides opportunities for communication, such as displaying important messages or advertisements.
