

SEKO - DISPENSERONE - 25L

Seko DispenserONE, a cutting-edge dispenser featuring a 25-liter capacity. Designed for versatility and efficiency, the DispenserONE is capable of dispensing various liquids, including hand sanitisers, soaps, and disinfectants, making it suitable for a wide range of applications. Its generous capacity reduces the need for frequent refills, ensuring continuous operation in high-traffic areas. With its sleek and modern design, the DispenserONE Flexi seamlessly integrates into any space, from commercial settings to healthcare facilities and beyond.
